Adani Group commissions India's largest solar power plant in Gujarat

EDITORS' SYNOPSIS

- **Adani Group commissions India's largest solar power plant of 40 MW**
- **The solar power plant commissioned in record 150 days**

India's leading integrated infrastructure conglomerate the Adani Group, has commissioned a 40 Megawatt (MW), country's largest, solar power Plant in Kutch district, Gujarat.

For India's largest private thermal power producer, the Solar Power Plant marks Adani's first big foray in the renewable energy sector. Going forward, Adani plans to expand the capacity of this plant to 100 MW.

The company has commissioned country's largest Solar Power Plant in record time of 150 days starting from foundation stone laying to electricity generation.

"We are pleased to dedicate Country's largest solar plant to Nation today. We, at Adani, are committed to protect and encourage better use of natural resources of our country by implementing better technologies. The Solar plant and uses of Super Critical Technology in all of our Thermal Power Plants is a testimony of our commitment towards the environment." said Mr Gautam Adani, Chairman, Adani Group.

The Solar Power Plant is using Solar PV Technology and has over 400,000 Solar PV modules mounted on 21,600 structures, which are erected on 130,000 foundations.

The power generated from this solar plant will be evacuated through a 66 KV line linked to a substation in Netra, located 20 kms away from the project site. The project was awarded under Gujarat Solar Power policy of 2009.

Adani Power, a company of Adani Group, is currently operating 3,300 MW at Mundra with 4 units of 330 MW and 3 units of 660 MW, and is in the process of commissioning two more units of 660 MW by March 12 to achieve the final plant capacity of 4,620 MW. This will position Mundra as the single largest thermal power plant in India.

Within this financial year, Adani Power also plans to commission 1320 MW at Tiroda enhancing operational capacity of Adani Power to 6000 MW by March 12.

Adani Enterprises Limited

Further Adani Power plans to commission 6000MW by March 2012 and 10,000MW of power generation capacity by March 2013. This capacity will be achieved with Mundra (4620MW), Tiroda (3300MW) and Kawai (1320MW).

About Adani Power Ltd

Adani's initiatives in into power sector are spearheaded by Adani Power Ltd. It is currently implementing power projects for generating 16500 MW at Mundra (4620), Tiroda (3300), Kawai (1320) , Bhadreshwar (3300) and Dahej (2640), , and Chhindwara (1320).

The company plans to commission 6000MW by March 12 and 10,000MW by March 13 at Mundra, Tiroda and Kawai.

About The Adani Group

The US \$ 6 billion Adani Group is rated amongst the top 10 and fastest growing business houses in India. An integrated infrastructure conglomerate, the Group has leveraged its strong project execution capabilities in key traditional industry verticals like Infrastructure, Mining, Power, Ports and SEZ to achieve significant growth and stakeholder value.

Founded in 1988, the Adani group today employs over 8,500 people across two continents. It has truly metamorphed from being a trusted trading house into a diversified multinational conglomerate with integrated operations across India, Indonesia and Australia.

Adani Enterprises Ltd, the Adani Group's flagship company, has featured in the Forbes Asia's Fab 50 for last two consecutive years. Forbes also ranked Adani Group chairman Gautam Adani as the 7th Richest Indian in 2011, while Fortune ranked him as the Business Leader of the Next Decade in its February 2011 issue.

Our other businesses:

Power: Spearheading the Adani Group's foray into power infrastructure is Adani Power, implementing 16,500 MW of power generation projects at six locations across India, with the objective of generating 20,000 MW by 2020. It is also actively investing in cross country power transmission lines. Adani Power is credited with commissioning of India's first environment friendly and energy efficient supercritical technology based 660 MW power unit. Adani Power is today the country's largest thermal power producer in private sector.

Port Infrastructure: The Adani Group is also engaged in the creation of a port and special economic zone, logistics management (shipping to container train movement), storage and movement (food grain and orchard products) as well as realty development. The Adani Group

**ADANI****Adani Enterprises Limited**

established India's largest private sector port and Special Economic Zone at Mundra (Gujarat) and is engaged in developing ports/terminals at Dahej, Hazira, Mormugao and Visakhapatnam in India and Adani Abbot Point in Australia. The Group is focused on emerging as the largest port in the country by aiming to handle 200 million tonnes of cargo by 2020.

Coal Mining: The Adani Group is the country's largest importer and supplier of coal and is also its leading private mine developer and operator. It also owns mining and development rights for 130 Million tonnes coal mining in India. Adani owns coal mining rights in Indonesia and Australia. Adani supplied nearly 30 million tonnes of coal last fiscal to Indian companies and is expected to manage 200 million tonnes of coal by 2020.

Agro-products: The Adani Group is also engaged in the business of agro-products (wheat, pulses and edible oil); its 'Fortune' brand is the largest edible oil brand in India today.

Oil & Gas: The Adani Group's energy business basket includes the supply of Compressed Natural Gas to automobiles and piped natural gas to household users. It also has ventured into oil and gas exploration and production with assets in India, Thailand and Egypt.
