ECONOMIC AND BUSINESS ENVIRONMENT

The Indian economy is currently passing through a phase of relatively slow growth. However, this should not cloud the fact that over the nine-year period beginning from the year 2005-06 the average annual growth rate was 7.7 percent. A bleak global economic outlook and the resultant export contraction are challenges to the Indian economy. But good monsoon rains that are forecast this year would provide an impetus to the economy.

The Indian economy has been the fastest growing among major economies at least for the past three quarters in the financial year 2015-16.

The Central Government's flagship initiatives like 'Make in India', 'Start-up India' and the national Intellectual Property Rights (IPR) Policy are likely to get a major fillip later this year in terms of additional Budgetary allocation. The Department of Industrial Policy and Promotion (DIPP) – the nodal agency for industrial corridors and the above mentioned flagship initiatives has begun work on revamping its schemes. In the Financial Year 2017 Budget, the 'Make in India' has an allocation of Rs.325.35 crores while the Start-up India initiative does not have any separate allocation. With these programmes gaining traction, the business environment is expected to get the much needed boost.

(Pursuant to regulation 34 (2) (e) and Schedule V of the Listing regulations)

This report is part of the Directors' Report

Economic scenario

Global economic overview

The world economy slowed down further in calendar year 2015 on account of lower global economic growth, as compared with calendar year 2014. Global activity continued to decelerate, triggered by slowing growth in emerging and developing markets as they contribute to about 70% of the global growth. Global GDP fell to 2.3% in the last quarter of the calendar year 2015, below the threshold of 2.5%, which indicates recessionary trends and hence, Morgan Stanley has commensurately raised their global recession risk probability from 20% to 30%.

Indian economic overview

It is believed that the Indian economy has started healing itself in Financial Year 2015-16. As per the advance estimates report dated 8th February 2016 of the Central Statistics Office (CSO), the growth in GDP during 2015-16 is estimated at 7.6% as compared with the growth rate of 7.2% in Financial Year 2014-15.

India's GDP grew by an annual rate of 7.4 % in the July to September quarter of Financial Year 2015-16, putting it firmly ahead of China, where growth slowed to 6.9% during the same period. Declining oil prices have helped raise the GDP, as corporate margins increased, household purchasing power improved, tax collections increased and subsidy bills declined.

Opportunities and threats

Budget Allocation to Ministry of Textiles Increased

The Ministry of Textiles has been allocated Rs. 4,594.82 crores for the upcoming financial year 2016-17 to support its various schemes covering the entire textile industry. Apart from ATUFS, all central funded schemes for textile sector have received required allocation of funds.

Consumption of Textiles and Apparel to Grow

The Government's focus on the farmer and rural sector is expected to boost the economic health of rural India which in return will improve consumption of textiles and apparels. Significantly large expenditure by the government in the rural and agricultural sector will stimulate demand. Domestic textile market size is anticipated to grow significantly, driven by increased consumption from rural and semi urban areas in the next 2-3 years.

Skill Development

Since its launch, the National Skill Development Mission has imparted training to 76 lakh youth, who found employment in various sectors, including textiles and clothing. The Finance Minister, in his budget speech announced, "We want to bring entrepreneurship to the doorsteps of youth through Pradhan Mantri Kaushal

The Government initiatives

Under the ‘Make in India’ initiative, investment opportunities for foreign companies and entrepreneurs are available across the entire value chain of synthetics, value added and speciality fabrics, fabric processing set-ups for all kinds of natural and synthetic textiles, garments and retail brands.

ANNEXURE 'B' TO INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Binny Mills Limited** ("the company") as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal

Binny Mills Limited

financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and the directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India"
